RULES & REGULATIONS

1. All exhibitors agree to be bound by the rules and regulations of the Stoneboro Fair.
2. The fair management reserves the right to amend or add to these rules & regulations as its judgment may determine.
3. Reasonable care will be taken to protect all exhibits on display from all injury and damage but the fair is not, in any way, to be held responsible for accidents, loss or damage by water, fire, theft or otherwise, whatever may be the cause or extent of the damage or loss.
4. Entries will be made according to classification.
5. Premiums, as listed, may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. Same rule applies where there are fewer entries in any class than the number of premiums offered. The judges may, at their discretion, award a ribbon or rosette.

The Fair reserves the RIGHT TO DETERMINE how many entries they will accept from an exhibitor in the same class or, in the case of livestock, the same breed, and poultry, the same species.

THE DECISION OF THE JUDGES SHALL BE FINAL IN ALL CASES except where mistakes, fraud, misrepresentation or collusion — not discovered at the time of the award - are proven. In such cases, the superintendent, president, or secretary of the fair, or such referee as he may appoint, may make the decision. The case may be appealed to the Fair Management from whose decision there can be no appeal.

All protests regarding judging must be made in writing and must plainly state the cause of the complaint or appeal. Such protests must be filed at the Fair Office within 24 hours of the occurrence.

6. It shall be the responsibility of the exhibitor **TO PROPERLY NAME THE ARTICLE OR BREED OF LIVESTOCK** he is entering. Any exhibit improperly entered will be disqualified to receive a prize, but the judges will mark the correct name on the entry tag so the same mistake in entering will not be made the second time.

Every exhibit accepted for premiums must be given an entry tag which must be plainly marked. In case of livestock, the breed name must be shown and in the case of poultry the species must be shown on cards that can be identified by viewers. Cards will be available at the Secretary's Office; the exhibitor is responsible for securing, printing and hanging of cards. The award winners must be placed for show. Failure to comply with this regulation will result in forfeiture of premiums.

7. All entries must have been grown, produced or made since the last fair by the person whose name appears on the tag as exhibitor.
8. Superintendents reserve the right to refuse any entry or bar from competition animals, vegetables, flowers, poultry, products and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition.

(The superintendent must notify exhibitors of any exhibits that have wilted or become unfit. After having done this, the superintendent may dispose of the exhibit.)

9. The Fair Management may, at any time, order the removal of any exhibit or part of exhibit in bad condition and any article unfit to show may be

The Great Stoneboro Fair

excluded. Food product cannot be polluted with any substances or chemical that causes them to become poisonous and unfit to be used as food.

NO EXHIBIT MAY BE REMOVED AT ANY TIME BEFORE THE CLOSE OF THE FAIR EXCEPT BY CONSENT OF THE MANAGEMENT.

10. The Superintendents and/or Show Committee have the authority to require the animals to be shown to be inspected by the Judge.

11. During the judging, buildings except livestock arenas are to be closed to everyone except fair officials, judges and necessary attendants.

DEPARTMENT SUPERINTENDENTS MAY ENTER EXHIBITS IN THEIR OWN DEPARTMENTS, but neither they nor any other exhibitor may communicate with the judges during the time of determining the awards, except to answer questions proposed by judges.

Any exhibitor interfering with the judges while making awards shall forfeit any premium for which he would otherwise have been entitled.

12. All livestock offered for premiums must have been the property of the owners for thirty (30) days or longer.

(Livestock or poultry entered under a name other than the owner's shall be disqualified for premiums.)

13. No person shall be allowed in the ring while stock is being judged, except the judge, superintendents and necessary attendants and fair officials.

14. Should any animal awarded a prize be disqualified, the animals gaining the lower prizes shall move into the next higher position, if in the opinion of the judges, the animals are worthy of such prizes.

15. Overfitting of cattle will be discriminated against. Any artificial means used to change the form or shape of the animal will disqualify it from competition.

16. When on exhibition in the ring, each animal must be under halter and under the control of owner or employee.

17. Joint ownership is considered to be as one owner in accordance with registration papers.

18. 4-H and F.F.A. livestock entries are **limited to Mercer County residents only. An exception will be made in allowing out of county youth to exhibit in the 4-H showmanship.**

An exception will be made in allowing out-of-county youth exhibiting Polled Hereford animals to compete in 4-H and F.F.A. as members of the Northwestern Pa. Polled Hereford Association.

An exception will be made in allowing Venango County youth exhibiting draft horses to compete in 4-H and F.F.A. as members of the Venango County Draft Horse Association.

19. No exhibitor may receive more than two monies in each class.

The Great Stoneboro Fair

SOUVENIRS

ADVICE TO EXHIBITORS

1. **The deadline for entries is August 10, 2016. All exhibitors** must make advance entries. Please mail entry forms to The Great Stoneboro Fair, P.O. Box 215, Stoneboro, PA 16153.
2. All entries must be on forms provided by the Stoneboro Fair. Additional entry forms can be obtained by writing to Beth Lewis, Secretary, P.O. Box 215, Stoneboro, PA 16153 or Phone 724-376-2852 or may be downloaded from the Great Stoneboro Fair web site www.stoneborofair.info.
3. ONE entry number per person, be sure you know your number when showing.
4. Upon your arrival with stock, the Superintendent of the department where you are an exhibitor will assign the stalls your stock will occupy. DO NOT take space unless it is assigned to you. DO NOT ALTER ANY STALLS WITHOUT THE APPROVAL OF THE SUPERINTENDENT.
5. If you need any information about the Department, go to the Superintendent. The superintendents will be found at or near their respective departments and will assist you.
6. Superintendents in charge of departments have the right to prescribe dimensions and regulate positions of all signs and direct the arrangement of articles to secure harmony and make an attractive appearance.
7. DO NOT lock up your stables and leave the immediate area. Visitors pay to see your stock and you are expected to show it.
8. All exhibitors are to display a farm or owner's sign to identify their breed or breeds of dairy and livestock and must fill out a stall card to identify each exhibit. The exhibitor is responsible for posting these cards. This is required by the Department of Agriculture.
9. **Labor Day is always crowded, however, livestock and dairy animals may be removed from the grounds after 7:00 PM on the last day of the Fair. Other exhibits may be removed at 8:00 PM.**
10. ALL CAMPERS AND RECREATIONAL VEHICLES MUST BE PARKED IN DESIGNATED AREAS.
11. **Absolutely NO raffles or games of chance to be held in the barns.**

HEALTH RULES AND REGULATIONS

All animals admitted to fair shall be identified by a unique and permanent ear tag, tattoo, brand or records of unique physical attributes. Animals known to be infected with or exposed to any contagious, infectious or external parasitic disease, and animals restricted by quarantine may not be presented for show purposes.

All animals admitted to fair must comply with applicable state (7PA Code) or federal (9CFR) rules.

Animals presented for exhibition will be subject to inspection by show officials and will be rejected if evidence of infectious, contagious or parasitic disease is apparent or if health certification or identification documentation is not acceptable.

The Great Stoneboro Fair

All show animals should be held in isolation for at least 30 days after return to the herd of origin.

GUIDELINES FOR CARE OF ANIMALS

It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the show.

- 1. Restraining Animals**
 - a. Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
 - b. Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
 - c. Animals should be tied so that they are not able to injure animals tied near them.
 - d. Animals unaccustomed to each other should not be penned together.
- 2. Handling** - Any type of rough handling which could harm the animal is prohibited. The use of whips, canes and show sticks should be restricted to showing only and then be used only to guide the animals, not punish them. Remember, animals will respond quicker and better to quiet, gentle handling, rather than loud, rough handling.
- 3. Bedding** - All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding such as carpeting is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.
- 4. Feeding & Water** - Animals should be well fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animal's basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.
- 5. Transportation** - Animals should be transported in a way that is both safe and considerate of the animal's well-being.
- 6. Blanket/Sweat Collars** - Any type of material such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking, or lying down.
- 7. Health** - It is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdrawal time.

BIOSECURITY CHECKLIST FOR LIVESTOCK EXHIBITORS

- No visitors from a country that has animals infected with Foot and Mouth Disease have visited my farm within the previous 30 days.
- Certificates of veterinary inspection are current for all of the animals I will be taking to the fair.
- All equipment, such as buckets, pitchforks, shovels, rakes, wheelbarrows, manure baskets, lead ropes, halters, nose rings, snares, clippers, scissors, brushes, etc., has been cleaned and disinfected before entering the fairgrounds. (A solution of household bleach in water is recommended for disinfection purposes: add 2 gallons of bleach to 3 gallons of water for disinfecting equipment).
- I have received a list of the recommended biosecurity precautions that I should follow after returning to the farm with the animals that were taken to the fair.
- Any livestock showing signs of illness, including signs that suggest infection with Foot and Mouth Disease, will be reported immediately to the Livestock Superintendent of the fair.
- Any questions about disease and biosecurity measures can be directed to the regional veterinarian or animal inspector, who will be visiting the fairgrounds for daily inspections.

Pennsylvania Department of Agriculture regional veterinarians will be visiting each fair in Pennsylvania this season on a daily basis. They will be available to answer questions from exhibitors and will be doing general inspections of the animals and animal facilities.

Foot and Mouth Disease (FMD)

Foot and Mouth Disease (FMD) is an extremely contagious viral disease that affects cloven-hooved animals, especially domestic cattle, pigs, sheep, and goats. FMD is

rarely fatal to infected adult animals, but causes pain and suffering to those animals, which lead to a severe drop in production. The disease can be devastating to the economy of an infected state and country.

The first signs of FMD in animals that are usually noticed are:

Lameness

Decreased feed intake

Both are a result of pain from the blisters and sores caused by the virus.

Infection with FMD causes:

Blisters, Fever, Excessive Salivation, Abortions, Decreased Milk Production, Weight Loss

Disinfection

The virus that causes FMD can be inactivated by several disinfectants, including household bleach. It can be killed by extremes in PH (below pH6 and above pH 1); sunlight, and high temperatures, although the virus has been shown to survive single pasteurization at 161.6 degrees F (15 seconds). It can survive in the environment at freezing temperatures: It can survive in the soil for almost a month in cool weather, about three days during the sunny, summer months. It may even live in stored hay for up to four to five months in cool, dry conditions.

Transmission of Foot and Mouth Disease

Although Foot and Mouth Disease does not pose a serious risk to human health, humans can act as vectors for the virus and can spread infection among animals or between farms. Methods of transmission of FMD include:

Droplets: Direct contact with clinically ill, recovered (carrier) animals, or exposed vaccinated animals: Virus particles can be found in body fluids, including urine, feces, saliva, semen, and milk, and also in exhaled breath.

People: The FMD virus can survive in the lungs and nasal passages of humans for several days, and in the tonsils for several weeks. Virus particles are released and can infect susceptible animals when the person exhales.

Clothing: Virus particles can survive on contaminated clothing (the FMD virus can survive for several weeks on clothes and shoes, especially if these articles are dirty).

Other animals: Movement of pets or other animals through an infected area can spread the virus.

Food Products: Contaminated meat and cheese products can spread the virus.

Air: Airborne virus particles might be carried in air currents for up to 40 miles.

To assure a cage reservation entries MUST be in by August 10, 2016. Sawdust will be furnished by the Fair Association. Feed to be furnished by the Fair Association, donated by McCartney's Feed Mill, Fredonia, PA, Sandy Lake Mills, Sandy Lake, PA.

Since all birds returned from the show are potential sources of infection to other birds, they should be isolated immediately after their return, separate and apart from other birds. This isolation should be maintained indefinitely, if possible, or at least until it has been established that the birds are not carriers of disease-producing agents as may be determined by exposure of a few susceptible birds in direct contact with them.

Specializing in Farm Owners, Life & Health

DEPARTMENT 20 GROUP EXHIBITS

Refer to General rules SECTION 1

Adult Group or Association Exhibits

Major exhibits by Granges, Farm Bureaus or similar organizations should be encouraged if these exhibits contribute to understanding of Agriculture or Agri-business, either through their educational value or their promotion of products. A sale of items, in itself, shall not be considered a part of any exhibit.

Fairs may reserve the right to reject an exhibit not in good taste or not on merit in promoting Agriculture of Agri-business.

Judging of adult exhibits may be done according to any plan devised by fairs. A scoring system that may be useful follows:

ATTRACTS ATTENTION.....20 points

Use of color, motion, light, figures. While attention-getting is important, the reaction should be favorable. Unfavorable attention defeats its purpose.

AROUSE INTEREST..... 10 points

Encourage additional study. Personal appeal to the type of viewer for whom the exhibit was designed.

CONVEY MESSAGE.....30 points

The message should be understandable to the viewer for whom the exhibit was intended.

DESIGN.....20 points

Elements of the exhibit should be pleasingly placed to give a sense of unity to the whole. The message should be part of the design and not something apparently added as an afterthought. Simplicity is the key, here.

WORKMANSHIP..... 10 points

Neat, well constructed for the purpose. This does not imply that expensive materials be used.

ORIGINALITY.....10 points

Exhibits must be in place by 9:00 p.m. Wednesday, Aug. 31st.

Size of exhibits are to be determined by each individual fair.

Premiums for exhibits of this kind must be set according to the good judgement of Fair officials because exhibits have a wide range of value. For really good exhibits, the suggested premium range is:

1st (90 to 100 points) \$50

2nd (80 to 89 points) 25

3rd (70 to 79 points) 15

SECTION 301

Miscellaneous Contests

1. Blue Ribbon Apple Pie Contest - 28th Annual
1st - \$15.00 2nd - \$10.00 3rd - \$5.00

BLUE RIBBON APPLE PIE CONTEST

INSTRUCTIONS TO BE USED BY FAIRS AT THEIR 2016 EVENT

Each county/local fair is encouraged to conduct a 29th Annual Blue Ribbon Apple Pie Contest at their 2016 event. Listed below are the criteria which we would like each fair to use in their contest. The certified first place winner from each fair will then have the opportunity to enter an apple pie in the BLUE RIBBON APPLE PIE CONTEST at the 2017 PENNSYLVANIA STATE FARM SHOW.

RULES for local fair and the Farm Show contests are as follows:

1. Open to any individual who is a Pennsylvania resident; only one entry per person.
2. Entrants may **NOT** have won 1st place in this Blue Ribbon Apple Pie contest at any other fair in 2016.
3. Entry to be a pie that must include at least 60% apples in the filling. It does not need to be a “traditional” two crusted apple pie and it can have a variety of fillings.
4. The entire pie must be submitted for judging in a disposable pie pan.
5. The recipe for the pie and pie crust must be submitted with the entry. It should be submitted on one side of 8 1/2” by 11” paper. The recipe must list all the ingredients, quantities and the preparation instructions. Entrant’s name, address and phone number must be printed on the back side of all the pages.
6. Refrigeration is not available at the Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.
7. Judging will be based on the following criteria:

Flavor	30 points
Filling: consistency, doneness, moistness & flavor	25 points
Crust: color, flavor, texture doneness	20 points
Overall Appearance	15 points
Creativity	<u>10 points</u>
TOTAL	100 points

NOTES:

Creativity is essential to a varied competition. Do not limit your contest to a “traditional” two-crust apple pie. We are looking for a variety of fillings in the pies; the pie must include at least 60% apples in the filling. The recipe for the pie and pie crust will also need to be submitted when entering at the Farm Show. Each fair must sign a Certification Form verifying the winning

apple pie baker, and this person will be eligible to enter the state competition at the 2017 Farm Show.

NOTE: If an individual has already won 1st place at another fair in 2015 for this Blue Ribbon Apple Pie contest, that individual is now considered qualified through that Fair to compete at the 2017 PA Farm Show and is no longer eligible to enter this contest at any upcoming Fairs.

Premiums for the 2017 PA FARM SHOW competition will be as followed:

First Place	\$500.00	Fourth Place	Ribbon
Second Place	\$250.00	Fifth Place	Ribbon
Third Place	\$100.00		

At the PA FARM SHOW level, this contest is jointly sponsored by: The Pennsylvania Apple Marketing Program, The Pennsylvania Department of Agriculture and The Pennsylvania State Association of County Fairs
